Overall Length:

3.750 inches

Center To Center Distance Between Mounting Facilities Parallel To Length:

3.543 inches

Center To Center Distance Between Mounting Facilities Parallel To Width:

0.100 inches

Overall Height:

0.250 inches

Overall Width:

0.485 inches

Unthreaded Mounting Hole Diameter:

Between 0.095 inches and 0.100 inches

End Application:

5841-01-236-8951 detectin set, radar

Mounting Facility Type And Quantity:

2 unthreaded hole

Material:

Glass and polyamide nylon

Material:

Glass and plastic polyamide

Style Designator:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A10100
