Overall Length:

2.166 inches

Overall Height:

0.587 inches

Overall Width:

0.770 inches

Unthreaded Mounting Hole Diameter:

Between 0.097 inches and 0.102 inches

Distance Between Mounting Facility Centers:

1.900 inches

End Application:

5841-01-236-8951 detecting set, radar

Mounting Facility Type And Quantity:

2 unthreaded hole

Material:

Polyamide nylon and glass

Material:

Plastic polyamide and glass

Style Designator:

Right angle type

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A10100
