Electrical Plug Connector - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5935-01-396-5669

Body Style:
Round shape, center jackscrew
Overall Length:
1.375 inches
Radio Frequency Type Contact Characteristic Impedance In Ohms:
75.0 single mating end single contact grouping
End Application:
Lgm030g
Shell Material:
Copper alloy
Special Features:
Insulation resistance 5000megohms, dielectric voltage 1500vac
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A039b0
