**End Application:**

Fy92arc/amc (98897)

**Component Quantity:**

2

**Usage Design:**

Used on an electrical winch

**Mounting Configuration:**

A connector attached to a switch via a wiring harness

**Component Controlling Agency:**

Able corp

**Component Name:**

Connector assembly, elec

**Component Identifying Number:**

28318 drawing no.

**Mounting Method:**

Plug-in

**Special Features:**

The connector is a

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T389-b
