End Application:

6625-00-143-1825

Special Features:

C/0 28 voltage, current rating 1a, impedance, 50 ohms, connector type bnc, insulation material plastic, contact material brass, nickel plated, body material, brass, nickel plated, mounting: metricx1.75 internal thread , source of supply is limited to hewlett-packard co. Due to design control

Color:

Gray

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
