Overall Length:

1.625 inches

Mounting Method:

Ferrule

Features Provided:

Chain

Special Features:

Material for body parts is brass; gaskets, silicon rubber; contact, ber copper; 3-1/2 inch chain, brass; insulator, polytetrafluoroethylene

Material:

Copper alloy and beryllium copper

Precious Material And Location:

Body finish silver and contact finish gold

Surface Treatment:

Silver and gold

Shape:

Cylindrical and straight

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A513y0
