Thread Class:

Nc and nc

Thread Direction:

Right-hand and right-hand

End Application:

For microprocessor module

Thread Length:

0.325 inches and 0.375 inches

Mounting Facility Type And Quantity:

1 nut and 1 jackscrew

Special Features:

Jackscrew, fixed, male, for m il-c-55302 receptacle; q type 2 used with j1

Material:

Steel, stainless

Material:

Stainless steel

Surface Treatment:

Passivate

Style Designator:

Threaded stud mounted

Surface Treatment:

Passivated

Thread Series Designator:

Unc and unc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A10100
