Body Style:

Straight shape

Overall Length:

2.090 inches

Overall Height:

0.824 inches

Overall Width:

0.509 inches

Distance Between Mounting Facility Centers:

1.852 inches

Mating End Quantity:

1

Contact Position Arrangement Style:

25 single mating end

Terminal Location:

Front single mating end single contact grouping

Contact Material:

Copper alloy single mating end single contact grouping

Terminal Type:

Crimp single mating end single contact grouping

Shell Material:

Plastic

Included Contact Quantity:

25 single mating end single contact grouping

Special Features:

Hwire/cable type is discrete wire, round jacketed cable; wire termination type is insulation displacement crimp (idc); wire range 26-22 awg; wire insulation diameter is .060 inch ; shell size is 3; shell type is all plastic; contact mating area plating is gold (30); contact size is 20; contact material is phosphor bronze; housing material is thermoplastic; housing material flammability rating is ul 94v-0; contact termination end plating is tin-lead over nickel; all connectors are preloaded; individual conductor strands should be larger than .005 in diameter; contacts accept a maximum wire insulation thickness of .015 in; hde connectors are designed for terminating solid or stranded (7-strand max) wire

Precious Material And Location:

Contact mating area plating gold

Precious Material:

Gold

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A039b0
