Thread Direction:

Right-hand

Hazardous Locations/environmental Protection:

Salt spray resistant

Overall Length:

3.000 inches

End Application:

5895-01-417-8475, satellite communication control center

Size Designation:

17

Mounting Method:

Threaded coupling

Special Features:

Finish is 500 hour salt spray resistant

Material:

Aluminum alloy

Surface Treatment:

Cadmium and nickel

Shape:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A506s0
