Environmental Protection:

Waterproof and vibration proof

Threaded Device Type:

Back shell

Polarization Method:

Fixed inter-contact

Shell Type:

Solid

Connector Locking Method:

Bayonet shell

Shell Material:

Aluminum alloy

Bushing Accommodation Hole Shape:

Round keyed

Special Features:

Circular connectors; box mountingreceptacle; polarized; bayonet coupling

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A039b0
