Body Style:

Top mount w/metal mounting tabs

Mounting Hole Style:

Rectangular, w/two mounting holes/slots

Contact Maximum Current Rating In Amps:

10.0

End Application:

Ei: 6115-01-285-3012, p/n: mep831a, 3 kw gen set

Mounting Method:

Body through hole

Terminal Inside Diameter:

2.638 millimeters

Mounting Type For Which Designed:

Chassis

Thread Size:

3.500 millimeters

Contact Position Arrangement Style:

Dual in line

Terminal Type And Quantity:

4 tab w/screw

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02300
