**Body Style:**

Angle shape, w/o cable clamp

**Overall Diameter:**

0.625 inches

**Body Angle In Deg:**

90.0

**Mating End Quantity:**

1

**End Application:**

Radar homing warning receiver

**Distance From Centerline To Connector End:**

0.920 inches

**Distance From Centerline To Cable End:**

0.520 inches

**Special Features:**

Passivated stainless steel body and coupling nut, ptfе dielectrics; gold-plated beryllium copper center contact

**Precious Material And Location:**

Center contact gold

**Precious Material:**

Gold

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A039b0
