Overall Length:

19.000 inches

Center To Center Distance Between Mounting Facilities Parallel To Length:

18.344 inches

Center To Center Distance Between Mounting Facilities Parallel To Width:

1.250 inches

Overall Height:

0.500 inches

Overall Width:

1.750 inches

Mounting Slot Width:

0.266 inches

Mounting Slot Length:

0.406 inches

End Application:

627293-1 ila

Mounting Facility Type And Quantity:

4 slot

Special Features:

Guard is made from 20 guage perforated steel.

Material:

Steel, carbon

Material:

Steel

Style Designator:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A10100
