Overall Length:

2.500 inches

End Application:

Liquid level indicating equipment model 373/305fdc

Component Quantity:

2

Usage Design:

For pressure gauge

Component Name:

Connector assembly

Component Identifying Number:

S989.0014.Z drawing no.

Mounting Method:

Connector

Special Features:

Four connecting wires: blue, yellow, orange, violet

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T389-b
