Overall Length:

3.175 inches

Overall Width:

3.000 inches

End Application:

Panel, san cont/ind

Component Quantity:

3

Component Controlling Agency:

Prime technology inc

Component Name:

Pump connector board assembly

Component Identifying Number:

94-0214-030 drawing no.

Mounting Method:

Screw

Special Features:

Drawing)pump connector board ass (94-9214-030); (inavy) connector assembly, pump

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T389-b
