**Threaded Device Type:**

Coupling facility

**Connector Locking Method:**

Lever-pin

**End Application:**

Mh60-sx

**Criticality Code Justification:**

Agav

**Special Features:**

Connector is intermateable & interchangeable w/connectors in the mil-c-26482. Condition service rating: sea level 600/1000 volts a (rms)

**Specification Data:**

81349-mil-c-26483 government specification

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A039b0
