Body Style:

Angle shape

Environmental Protection:

Moisture resistant

Mating End Quantity:

2

Special Features:

50 ohms impedance; 0-11ghz frequency range; cable retention 40 pounds; temperature rating minus 65 to 165centigrade; working voltage 500 vrms at sea level

Precious Material And Location:

Center contact finish gold

Precious Material:

Gold

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A039b0
