Mounting Hole Style:

Round, w/keyway and two mounting holes/slots

Contact Maximum Current Rating In Amps:

10.0

Accommodated Contact Quantity:

11

End Application:

Seawolf class ssn

Polarization Type:

Center key hole

Mounting Method:

Snap-in and unthreaded hole

Contact Position Arrangement Style:

Magnal

Contact Maximum Voltage In Volts And Current Type:

300.0 ac

Terminal Type And Quantity:

11 screw

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02300
