Body Style:

Straight shape

Overall Length:

2.635 inches

Overall Height:

0.423 inches

Overall Width:

0.605 inches

Distance Between Mounting Facility Centers:

2.406 inches

End Application:

Tornado aircraft

Terminal Type:

Crimp all mating ends single contact grouping

Shell Material:

Steel

Shell Surface Treatment:

Chromate and zinc

Special Features:

Copper alloy retntion clips; polyester insulator; steel shells; copper alloy signal contacts; steel clinch nuts

Color:

White

Precious Material And Location:

Signal contacts gold

Precious Material:

Gold

Supplementary Features:

Mounting method - clinch nut

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A039b0
