**Overall Length:**

9.950 inches

**Center To Center Distance Between Mounting Facilities Parallel To Length:**

9.000 inches

**Center To Center Distance Between Mounting Facilities Parallel To Width:**

2.875 inches

**Overall Height:**

0.250 inches

**Overall Width:**

3.500 inches

**Unthreaded Mounting Hole Diameter:**

0.203 inches

**Mounting Facility Type And Quantity:**

8 unthreaded hole

**Special Features:**

The distance of 9 inches between unthreaded holes is the distance between the first and fourth holes. The distance between each of the four holes is 3 inches.

**Material:**

Aluminum alloy

**Material:**

Aluminum alloy

**Surface Treatment:**

Anodize

**Style Designator:**

Rectangular shape

**Surface Treatment:**

Anodized

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A10100
