Body Style:

Rectangular shape

Body Height:

6.380 millimeters

End Application:

Eurofighter 2000

Special Features:

Mounting method-surface

Color:

Black

Precious Material:

Gold

Supplementary Features:

80 positions; no polarization; 2 rows; lcp, ul 94 v 0 housing material; minus 55.0 to plus 130 degrees centigrade temperature range; copper alloy contactbase material; 1.27 um nickel contact underplating; 3.94 um tin/lead tail plating; 800 volts ac withstanding voltage; 1 amp dc current rating; 200 min. Durability

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A039b0
