Body Style:

Right angle type

Overall Length:

4.640 inches

Overall Width:

0.554 inches

Body Height:

0.339 inches

Mating End Quantity:

1

Contact Maximum Current Rating In Amps:

3.0 single mating end single contact grouping

Contact Maximum Ac Voltage Rating In Volts:

1050.0 single mating end single contact grouping

End Application:

Mmrt

Terminal Location:

Side single mating end single contact grouping

Terminal Type:

Printed circuit single mating end single contact grouping

Shell Material:

Plastic diallyl phthalate

Included Contact Quantity:

200 single mating end single contact grouping

Supplementary Features:

Mounting method - unthreaded hole

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A039b0
