Hazardous Locations/environmental Protection:

Submersible-nema type 6

Overall Depth:

3.625 inches

Overall Height:

5.812 inches

Overall Width:

5.375 inches

End Application:

Jack box ty g-15c modified

Jack Quantity:

4

Features Provided:

Cover

Product Name:

Sound powered telephone jackbox (four) modified

Material:

Copper alloy

Surface Treatment:

Enamel

Style Designator:

Rectangular, surface mounting

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A17600
