Overall Length:

3.200 inches

Overall Diameter:

0.831 inches

Component Quantity:

11

Mounting Configuration:

6 pins w/5pins on a circle, w/1 pin in the center

Component Controlling Agency:

Power connector inc

Component Name:

Connector, audio, six-pin

Component Identifying Number:

Pci-329/u drawing no.

Mounting Method:

Plug-in

Special Features:

Shell stainless steel; insert assembly plastic; cable entry diameter 0.230 inch max. Or 0.260 inch max; spring stainless steel wire, black oxide; large o'ring neoprene; small o'ring neoprene

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T389-b
