**Overall Length:**

3.200 inches

**Overall Diameter:**

0.831 inches

**Component Quantity:**

11

**Mounting Configuration:**

6 pins w/5pins on a circle, w/1 pin in the center

**Component Controlling Agency:**

Power connector inc

**Component Name:**

Connector, audio, six-pin

**Component Identifying Number:**

Pci-329/u drawing no.

**Mounting Method:**

Plug-in

**Special Features:**

Shell stainless steel; insert assembly plastic; cable entry diameter 0.230 inch max. Or 0.260 inch max; spring stainless steel wire, black oxide; large o'ring neoprene; small o'ring neoprene

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T389-b
