Mating End Quantity:

1

Polarization Method:

Key or multiple key

Insert Position In Deg:

165.0

Connector Locking Method:

Internally threaded coupling ring

End Application:

Cable assembly, w908 battery charge, seawolf class

Terminal Location:

Back single mating end single contact grouping

Included Contact Type:

Round socket single mating end single contact grouping

Special Features:

Connector is a 90 degree plug.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A039b0
