Overall Length:

0.435 inches

Overall Height:

0.166 inches

Overall Width:

0.335 inches

Component Quantity:

2

Component Name:

Plug assembly

Mounting Method:

Screw

Special Features:

Shell is aluminum with electroless nickle plating and has an impedance of 50 ohms.

Supplementary Features:

Consists of two coaxial connectors on a common mount with two jackscrews.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T389-b
