Overall Length:

1.705 inches

Overall Diameter:

0.806 inches

Special Features:

Captured center contact; dc frequency - 18 ghz; electroplated stainless steel coupling and slide assembly; passivated housing; ptfе fluorocarbon dielectric; gold-plated beryllium copper contact extender; phosphor bronze retaining ring; gold-plated brass center contact

Material:

Stainless steel

Precious Material:

Gold

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A536x0
