Overall Length:

1.610 inches

Overall Diameter:

0.806 inches

Special Features:

Captured center contact; frequency dc-18 ghz; electro-polished coupling nut and slide assembly; passivated housing per qq-p-35; ptfе fluorocarbon dielectric; beryllium copper contact extender and retaining ring; gold plated center contact and contact extender

Material:

Stainless steel

Precious Material And Location:

Center gold and contact extender surface gold

Precious Material:

Gold

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A536x0
