Overall Length:

10.000 inches

Overall Height:

10.000 inches

Special Features:

Copper alloy contact material; 1 ampere current rating; beige insulation color; ul 94v-0 insulation flammabilityrating; glass filled polyester insulation material; mini delta ribbon receptacle interface style; minus 55 to plus 105 degrees celsius non operating temperature; 2 contact rows; 50 contacts; horizontal operation; surface mount; 500 vrmsat sea level withstanding voltage

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T389-b
