**Overall Length:**

1.320 inches

**Overall Height:**

0.394 inches

**Overall Width:**

0.248 inches

**Special Features:**

Copper alloy contact material; 1 amp current rating; beige insulation; ul94v-0 insulation flammability rating; glass filled polyester insulation material; mini delta ribbon receptacle interface style; m2.5 panel, m2.5 and posts board; 2 contact rows; 20 contacts; surface mount termination method; printed circuit board termination style; 500 vrms withstanding voltage at sea level

**Precious Material:**

Gold

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T389-b
