Overall Length:

19.000 inches

Overall Height:

3.480 inches

Overall Width:

3.110 inches

Component Quantity:

32

Usage Design:

For fiber optic connections

Component Name:

Panel, 32 st coupler

Mounting Method:

Bracket and slot

Special Features:

Made of 16 gauge, cold-rolled, steel with black powder coat.

Supplementary Features:

Has white write-on spaces for each connector.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T389-b
