Threaded Device Type:

Mounting hole

Connector Locking Method:

Threaded hole

End Application:

Radar system 3d long range band d

Product Name:

Connectors, electrical, plug, circular, threaded, straight, removable crimp, series iii metric

Special Features:

Polarizing position normal

Specification Data:

81349-mil-dtl-38999/26e government specification

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A039b0
