**End Application:**

E-3 idg

**Product Name:**

Jack, panel, keyed, tnc

**Special Features:**

For use with boeing s280w503-2 and adams russell fc14z cable. Keying angle - 222 degrees. For use with .075 max. Panel. Center contact (1-5671-3ma9) supplied unassembled. impedance - 50 ohms, frequency range - dc to 11 ghz, working voltage - 500 vrms. For crimping use die kth-2161.

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A039b0
