Body Material:

Thermoplastic

Body Style:

Irregular

Overall Length:

2.010 inches

Overall Height:

0.970 inches

Overall Width:

1.570 inches

Accommodated Contact Quantity:

8

End Application:

Nsn 5410-01-441-8054; chemical biological protective shelter

Contact Position Arrangement Style:

Octal .687 inch

Product Name:

Socket, time delay

Special Features:

Terminals: 6-32 unc screws

Terminal Type And Quantity:

8 screw

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A02300
