Body Style:

Rectangular shape

Overall Length:

45.7 millimeters

Overall Height:

30.7 millimeters

Overall Width:

18.1 millimeters

Mating End Quantity:

1

Contact Position Arrangement Style:

1 row of contacts non-inserted board single mating end

Contact Maximum Current Rating In Amps:

20.0 single mating end single contact grouping

Connector Locking Method:

Screw

End Application:

Communications and data systems

Terminal Location:

Back single mating end single contact grouping

Terminal Type:

Screw single mating end single contact grouping

Shell Material:

Plastic

Included Contact Quantity:

4 single mating end single contact grouping

Included Contact Type:

Spring pincers single mating end single contact grouping

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:
