**Mating End Quantity:**

2

**Special Features:**

End item: v/uhf digital processing unit. Item material is brass nickel plated, insulator is ptf ( heat shrink) , item is 0.823 inch long, has one end hex 0.250 inch diameter other end is also 0.250 inch diameter but not hex. Resistor impedance is 50 ohms. 1% tolerance, 1/2 watt max. Dissipation

**Precious Material:**

Gold

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A039b0
