Mating End Quantity:
2
Special Features:
End item: v/uhf digital processing unit. Item material is brass nickel plated, insulator is ptf (heat shrink), item is 0.823 inch long, has one
end hex 0.250 inch diameter other end is also 0.250 inch diameter but not hex. Resistor impedance is 50 ohms. 1% tolerance, 1/2 whatt
max.Dissipation
Precious Material:
Gold
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
