Threaded Device Type:

Mounting hole

Contact Removability:

Removable single mating end single contact grouping

Connector Locking Method:

Lever

Connector Cable Strain Relief Method:

Crimp type

End Application:

Aircraft, sf-4

Terminal Type:

Crimp single mating end single contact grouping

Shell Surface Treatment:

Cadmium and dichromate

Product Name:

Crimp removable contact subminiature-d connectors

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A039b0
