Body Style:

Angle shape

Threaded Device Type:

Coupling facility

Mating End Quantity:

2

Shell Type:

Split

Connector Locking Method:

Internally threaded coupling ring

End Application:

A-10

Criticality Code Justification:

Aaql

Shell Material:

Aluminum

Product Name:

Backshell, electrical

Specification Data:

06324-380-105 manufacturers specification

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A039b0
