**Overall Width:**

35.7 millimeters

**Body Angle In Deg:**

90.0

**Cable Opening Diameter:**

Between 17.5 millimeters and 18.0 millimeters

**Cable Opening Quantity:**

1

**Size Designation:**

16

**Mounting Facility Type And Quantity:**

2 threaded coupling

**Features Provided:**

Electromagnetic interference shielding

**Product Name:**

Extender 90 degree-composite

**Special Features:**

Coupling nuts painted brown; coupling made of high-grade thermoplastic

**Material:**

Plastic

**Surface Treatment:**

Nickel

**Style Designator:**

Angle type

**Surface Treatment:**

Nickel, electroless

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A10100
