End Application:

First automated air defence system

Special Features:

Multi beam xl power distribution system; board to board application; product series xl; receptacle assembly; right angle mount angle; termination style-press fit; mating type-blindmate; total number of dc power 3; total number of ac power 0

Special Test Features:

Rohs compliant

Supplementary Features:

Not elv compliant; wave solder capable to 265deg cel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T389-b
