Overall Width:

0.968 inches

Body Angle In Deg:

90.0

End Application:

Helicopter systems

Mounting Facility Type And Quantity:

1 threaded coupling

Product Name:

Emi/rfi non-environmental backshell with strain relief, type d, rotatable coupling, low profile

Material:

Nickel alloy

Surface Treatment:

Nickel

Style Designator:

Angle type

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A10100
