Mating End Quantity:

3

End Application:

Royal netherlands air force

Contact Material:

Beryllium all mating ends all contact groupings and copper all mating ends all contact groupings

Shell Material:

Aluminum

Shell Surface Treatment:

Anodize

Product Name:

Power divider, resistive tnc

Special Features:

Tnc connectors are passivated stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A039b0
