**Mating End Quantity:**

3

**End Application:**

Royal netherlands air force

**Contact Material:**

Beryllium all mating ends all contact groupings and copper all mating ends all contact groupings

**Shell Material:**

Aluminum

**Shell Surface Treatment:**

Anodize

**Product Name:**

Power divider, resistive tnc

**Special Features:**

Tnc connectors are passivated stainless steel

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A039b0
