End Application:

Surface ring laser gyro system an/wsn-7 (v) 1

Product Name:

Rj-11 plug

Special Features:

System b section 4, 7, 8 (7248002-1) and system b section (7248002-2)3, 5, 6, material: polycarbonate clear, bronze plated, gold plate area and flash over remainder, nickel plating, dimensions: 0.530 inch long by 0.384 inch wide by 0.286 inch high, terminal quantity is 6, plug will accept 24 or 26 awg solid round wire, max insulation diameter of 0.39 inch, max cable jacket of 0.180 inch round

Precious Material:

Gold

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A039b0
