**Product Name:**

Backshell, rfi/emi, for mil-dtl-24308 connectors

**Special Features:**

Jackpost and hardware - cres/passivated; top entry; shell size maximum lenth 1.58 inches; width .53 inches; length fron center of hole to center of hole in shell 1.312 inches plus/minus .005 inches

**Material:**

Aluminum alloy

**Surface Treatment:**

Nickel

**Surface Treatment:**

Nickel, electroless

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A10100
