End Application:

5840-01-541-8783

Product Name:

2mm power plane

Special Features:

Insulator material: black liquid crystal polymer; terminal material: phosphor bronze; contact material: phosphor bronze; current rating: 3a @ 80 degrees celcius ambient; operating temp range: -55 to +105 degrees celcius w/tin & -55 to +105 degrees celcius w/gold

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A039b0
