Overall Diameter:

Between 3.5 millimeters and 7.0 millimeters

Operating Temperature Rating:

150.0 degrees celsius

Product Name:

Rf one-step bnc/tnc connector

Supplementary Features:

Freq range: up to 2.8 ghz; 50 ohms; temp rating as low as -55 degrees c; nickel-plated brass body, gold-plated brass pin

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A039b0
