Body Style:

Straight shape w/strain relief

Overall Length:

2.480 inches

Overall Diameter:

0.748 inches

Contact Material:

Copper alloy all mating ends single contact grouping

Contact Surface Treatment:

Gold all mating ends single contact grouping

Shell Material:

Plastic polyamide

Included Contact Type:

Banana all mating ends single contact grouping

Product Name:

(navy)bnc-m to two ban jk; iec insulated bnc (m) to two 4mn banana jacks

Special Features:

Adapter converts test instrument safety banana leads to bnc configuration for added shielding and safety; rating: 500v cat i, 150v catii; dielectric: white ptfе

Precious Material:

Gold

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A039b0
